

Dual Screen TV Ceiling Mount for 32-55 inch TVs

This dual-screen TV ceiling mount is designed for meeting rooms, fast-food restaurants, and bars. It fits pitched roofs and provides $\pm 12^\circ$ tilt and 360° swivel for optimal viewing.

Product Overview

Professional Dual-Screen Mounting Solution

This heavy-duty ceiling mount is engineered to securely hold two flat-panel TVs, making it an ideal choice for meeting rooms, fast-food restaurants, bars, and other commercial environments. With a versatile design that accommodates screens from 32 to 55 inches, it offers robust support for up to 40kg. The mount features adjustable drop lengths and full-motion capabilities, ensuring optimal viewing angles in spaces with varying ceiling heights or pitched roof configurations.
