

Dual Voltage Compact Travel Iron

This is a compact and lightweight travel iron ideal for on-the-go garment care. It features dual voltage compatibility and adjustable temperature settings.

Overview

Compact Travel Iron

This dual-voltage travel iron is designed for professional garment care on the move, combining portability with powerful performance. It features a versatile dual-voltage system (110V-240V) suitable for international travel and a convenient 2-way foldable handle for compact storage. With a precise dial thermostat and a burst of steam function, it ensures efficient wrinkle removal across various fabric types.
