

Dual Voltage Vacuum Cleaner

This vacuum cleaner features dual voltage input options. It operates with a DC24V output and provides a vacuum power of 5.2 KPa, while maintaining a noise level of less than 82dB.

Product Overview

Professional Vacuum Performance

The Xc6003R vacuum cleaner is engineered for versatility and reliability in professional environments. Featuring dual voltage input support, it is fully compatible with global power standards including GS and UL certifications. With a powerful 5.2 KPa vacuum performance and a noise-controlled operation under 82dB, this unit is designed to balance efficiency with user comfort.

Technical Specifications

Vacuum Power

5.2 KPa

Vacuum Power

Input Voltage	230V 50/60Hz, 100-120V 50/60Hz
DC Output Voltage	DC24V
Noise Level	82 dB
Cord Length	2 m

Certifications

Safety Certifications

GS • UL

Logistics & Packaging

Weights

Type	Weight
Gross Weight	14.0 kg
Net Weight	12.0 kg

Packaging Dimensions

- Gift Box: 27.8cm x 25.5cm x 42.0cm
- Carton: 57.2cm x 27.5cm x 44.0cm

Container Load Capacity

Container Type	Quantity (PCS)
20-foot	828
40-foot	135
40-foot HQ	1970
