

Durable Bicycle Pedal with Reflectors

This bicycle pedal features a durable metal body and a black rubber grip surface. Integrated amber reflectors enhance visibility for safer cycling.

Product Overview

High-Visibility Durable Pedal

This durable bicycle pedal is engineered for reliability and safety, featuring a robust silver-colored metal body combined with high-grip black rubber surfaces. It includes integrated amber reflectors to significantly enhance visibility during low-light conditions. Designed for standard bicycle cranks, the threaded spindle ensures straightforward installation and broad compatibility across most bicycle models.
