

# DVB-T2 HEVC HDMI TV Dongle

This compact dongle allows users to receive digital terrestrial television broadcasts. It utilizes an HDMI interface for connection to TVs and displays.

## ADDITIONAL IMAGES

## Overview

### Compact Digital Terrestrial Receiver

This DVB-T2 HEVC HDMI TV Dongle provides a seamless solution for receiving free-to-air digital terrestrial television broadcasts. Featuring support for high-efficiency video coding (HEVC) and a wide range of resolutions up to 1080p, it ensures high-quality viewing experiences. The compact design allows for easy setup and integration with various displays via HDMI, making it an ideal choice for upgrading legacy televisions to modern digital standards.
