

E27/B22 Decorative LED Filament Bulb

Classic LED decorative bulbs are available in amber and smoky finishes. These bulbs come in G200, PS165, T60, and BT160 shapes and feature an E27/B22 base.

Product Overview

Vintage Aesthetic, Modern Efficiency

These decorative LED filament bulbs combine a classic vintage aesthetic with reliable modern performance. Available in elegant amber and smoky finishes, they are designed to enhance the atmosphere of any space while providing energy-efficient lighting. With multiple shape options and robust certifications, these bulbs are an ideal choice for professional lighting projects requiring both style and durability.
