

E40 Lamp Gauge for IEC60061 and IEC60968 Standards

This E40 lamp gauge is designed for IEC60061 and IEC60968 standards. It is essential for ensuring dimensional compliance and interchangeability of E40 lamps.

Product Overview

Precision Lamp Gauges for IEC Compliance

These precision-engineered lamp gauges are designed specifically to meet the rigorous requirements of IEC60061 and IEC60968 standards. Essential for quality control and manufacturing, these tools ensure the dimensional compliance and interchangeability of E26, E27, and E40 lamps. Built for durability and accuracy, they provide consistent measurements necessary for testing applications within the lighting industry.

Compliance Standards

Applicable Standards

IEC60061, IEC60968

Gauge Specifications

E40 Series Gauges

- 7006-25-7
- 7006-26-4
- 7006-24-3
- 7006-23-3

E27 Series Gauges

- 7006-27B-1
- 7006-28A-1
- 7006-50-1
- 7006-51-2
- 7006-51A-2
- 7006-27C-1
- 7006-25A-2
- 7006-26-4
- 7006-21-5
- 7006-22A-4
- 7006-22B-1
- 7006-22C-1
- 7006-22D-1

E26 Series Gauges

- 7006-27D-3
- 7006-29L-4
- 7006-29A-2
- 7006-29-3
- 7006-29B-2
- 7006-29C-2
- 7006-29D-1
