

# Earth Auger Power Drill

This earth auger power drill is a powerful and efficient tool designed for various earth-drilling applications. It features a robust engine for reliable performance and a sturdy auger for effective soil penetration.

## Overview

### Professional Earth Auger Drill

The DZ52S Earth Auger Power Drill is a robust tool engineered for efficient soil penetration in landscaping, fencing, and planting applications. Equipped with a reliable 51.7cc engine, it delivers consistent power for demanding outdoor tasks. Its ergonomic design and optimized reduction ratio ensure comfortable and effective operation for professional users.

## Technical Specifications

Model Number	DZ52S
Mating Engine	1E44F-2A
Displacement	51.7 cc

## Performance Metrics

### Core Performance

**1.4 kw**

Max Power

**6500 r/min**

Rated Speed

**40 :1**

Reduction Ratio

Compatible Bit Diameter	150-300 mm
