

Earth Drilling Auger

This earth drilling auger is designed for efficient and precise digging. It is ideal for creating holes for planting, fencing, and other applications.

Overview

High-Performance Earth Drilling Auger

This petrol-powered earth auger is designed for efficient and precise digging, making it an ideal tool for gardening, landscaping, and construction projects. Featuring a robust 42.7cc engine, it provides the necessary power for various soil types while maintaining stability and control. The single-person handled design ensures ease of operation, allowing for quick hole creation for planting, fencing, and other essential applications.

Technical Specifications

Engine Displacement	42.7 cc
Power Output	1.2 kW
Fuel Tank Capacity	0.98 L
Noise Level	112 dB

Compliance & Design

Emission Standard	Euro V
Operation Type	Single Person Handled
