

Earth Leakage Circuit Breaker

This earth leakage circuit breaker is designed to protect against electrical leakage. It features a sensitivity of 30mA, a rated voltage of 240V at 50Hz, and complies with IEC 61008-1 standards.

Product Overview

Reliable Earth Leakage Protection

This Earth Leakage Circuit Breaker is engineered to provide essential protection against electrical leakage in both industrial and residential environments. Designed for safety and compliance, it ensures rapid response to faults to prevent electrical hazards. With a robust build and adherence to international standards, it serves as a critical component for reliable electrical systems.

Technical Specifications

Rated Voltage	240 V
Rated Current	40 A
Leakage Sensitivity	30 mA
Frequency	50 Hz
Model Identifier	F362N

Compliance & Standards

Certifications	IEC 61008-1
