

Electric Air Blower for Dust Removal

This electric blower is designed for efficient dust and debris removal. It features a powerful motor that provides strong airflow and durable construction.

Product Overview

High-Performance Air Blower

This electric blower is engineered for efficient dust and debris removal in demanding environments. Featuring a powerful 600W motor, it delivers strong airflow suitable for cleaning workshops, garages, and various outdoor spaces. Its ergonomic design ensures comfortable handling during extended use, while the durable construction guarantees long-lasting performance for professional applications.

Technical Specifications

Power Input

600 W

Power Rating

Rated Voltage	230V
Frequency	50 Hz
Model Number	772802

Application & Usage

Ideal For	Workshops, Garages, Outdoor Areas
-----------	-----------------------------------

Key Features

Design Highlights

- Powerful motor for strong airflow
- Ergonomic handle for user comfort
- Durable construction for longevity
