

Electric Air Fryer

This electric air fryer utilizes rapid air circulation for efficient cooking. It functions as an all-in-one appliance, incorporating air frying, rotisserie, dehydrating, and pizza grilling capabilities.

Overview

Versatile All-in-One Cooking Solution

This multifunctional electric air fryer serves as a rotisserie, dehydrator, pizza grill, and oven toaster, providing a comprehensive solution for modern kitchens. It offers fast, oil-free cooking that eliminates splattering vapor, ensuring a cleaner countertop and healthier meals. Designed with a digital control panel and a viewing window, it allows for precise monitoring and professional-grade results across various culinary applications.

Technical Specifications

Rated Power

1800 W

Power Output

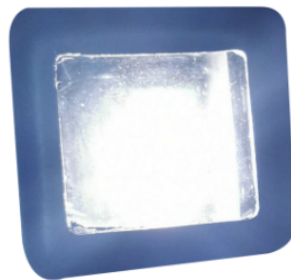

Model Number

KYS-116BS

Power Supply Options

120V, 220V

Design & Features

Heat-resistant transparent panel for monitoring the cooking process.

Core Functionalities

- Air Fryer
- Rotisserie
- Dehydrator
- Pizza Grill
- Oven Toaster

Interface & Safety

Digital Control Panel, Viewing Window, Interior Lighting, Automatic Shut-off, Integrated Timer
