

# Electric Bicycle with Step-Through Frame

This compact electric bicycle has a step-through frame for easy access. It includes a front basket, rear battery, and electric motor for convenient urban travel.

## Overview

### Urban Commuter Electric Bicycle

This compact electric bicycle is engineered for urban environments, featuring a practical step-through frame that ensures easy mounting and dismounting for riders of all skill levels. Designed with convenience in mind, it includes a front basket for carrying personal items or groceries and an integrated rear-mounted battery pack. The electric assist motor provides reliable propulsion, making daily commuting or casual leisure rides effortless and efficient on paved surfaces.
