

Electric Bicycle with Step-Through Frame

This electric bicycle provides assisted riding for effortless commuting and leisure. Its step-through frame allows easy mounting and dismounting, complemented by a rear storage box and integrated front and rear lights.

Overview

Eco-Friendly Urban Mobility

This electric bicycle features a convenient step-through frame design, making mounting and dismounting effortless for riders. Designed for urban environments, it combines a stylish white and purple aesthetic with practical features like a rear storage box and integrated lighting. It serves as a sustainable and efficient alternative to traditional bicycles and scooters, providing motorized assistance for comfortable commuting or leisurely rides.
