

# Electric Cable Hoist - 400 kg Capacity

This electric hoist is designed for lifting applications in workshops and construction sites. It features a durable motor, steel cable, and safety hook for secure and efficient lifting.

## Product Overview

### Versatile DC-Powered Lifting Solution

This electric cable hoist is a robust lifting device designed for reliability in workshops, garages, and construction sites. It features a durable construction with an integrated overload limit device and upper limit protection for enhanced safety. The unit supports both single and double hook operation, offering flexibility for various load requirements.

## Performance & Technical Specs

### Lifting Performance

Configuration	Capacity	Height	Speed
Single-line	200 kg	6 m	4 m/min
Double-line	400 kg	3 m	2 m/min

Rated Voltage	12V/24V DC
Input Power	400 W
Rope Diameter	3.8 mm

## Safety Features

Safety Mechanisms	Overload limit device, Upper limit device, Reverse polarity protection
-------------------	--

## Logistics

Net Weight	11 kg
Packing Dimensions	38 x 14.5 x 21 cm

## Trade Information

### Payment Terms

L/C at sight • T/T

### FOB Ports

- Ningbo port
- Shanghai port

Minimum Order Quantity	400 - 499 pcs
Lead Time	30 to 50 days
