

Electric Cargo Tricycle with Front Basket

This electric tricycle is equipped with a front basket and a cargo bed at the rear, making it suitable for transporting goods or passengers. It features a sturdy frame, padded seat, handlebars with mirrors, and a front headlight for added safety.

Product Overview

Versatile Electric Cargo Solution

This electric cargo tricycle is designed for efficient short-distance transport of goods and passengers. It features a robust frame construction with both a front basket and a rear cargo bed equipped with protective metal railings. Combining ease of use with practical utility, it offers a reliable solution for logistics and delivery needs.
