

# Electric Cargo Tricycle with Front Basket and Rear Storage

This electric-powered cargo tricycle is designed for convenient transportation and hauling. It features a front basket for smaller items and a spacious rear storage area with a seat.

## Overview

### Efficient Electric Cargo Solution

This electric cargo tricycle is engineered for versatile transportation, combining convenience with reliable power assistance. Featuring a user-friendly step-through frame, it ensures easy accessibility for operators while maintaining stability. The dual-storage configuration, including a front basket and rear cargo area, makes it an ideal solution for urban delivery and personal hauling.
