

Electric Chainsaw Sharpener with Abrasive Disc

This electric chainsaw sharpener features a variable speed motor and an abrasive disc. The disc design ensures consistent sharpening angles for smooth cutting edges.

Product Overview

Professional Electric Chainsaw Sharpener

This high-speed electric chainsaw sharpener is designed to maintain cutting edges at maximum sharpness for optimal performance. Featuring a robust construction with an impact-resistant cast base, it ensures stability and durability during operation. With adjustable angles and a transparent safety cover, this tool provides both precision and safety for professional maintenance of chainsaw chains.

Technical Specifications

Power Input	160 W
Operating Voltage	230-240V
No Load Speed	3000 rpm
Working Table Angle	40 °
Abrasive Disc Size	145 x 22.2 x 3.2 mm

Features

Key Features

- Dustproof switch
- Transparent protection cover
- Impact resistant cast base

Logistics and Accessories

Included Accessories

- 2 pcs hex keys
- 1 pc spanner
- 1 pc wrench
- 2 pcs hex screw M8x80mm
- 2 pcs gasket
- 2 pcs nut M8

Packaging Specifications

Metric	Value
Packing Size	590 x 320 x 420 mm
Qty per Carton	6 pcs
Gross Weight	17 kg
Net Weight	16 kg
