

# Electric Clothes Iron with Temperature Control

This electric iron is designed for ironing clothes and fabrics. It features a temperature control dial, non-stick soleplate, and steam function for effective performance on various fabric types.

## Product Overview

### Professional Steam Ironing System

This high-performance electric clothes iron features a pressurized inox boiler system designed for efficient fabric care. Equipped with versatile steam functions including burst and vertical steam, it ensures professional-grade results on a wide variety of garments. The durable stainless steel soleplate glides smoothly across fabrics, while the integrated temperature control provides precise heat management for delicate and heavy-duty items alike.

## Technical Specifications

### Iron Power

**960 W**

Max Iron Power

### Boiler Power

**2380 W**

Max Boiler Power

Steam Pressure	2.5 Bar
Boiler Capacity	0.8 L
Electrical Requirements	AC 230V 50Hz

## Features

### Soleplate Material

Stainless Steel

### Steam Capabilities

Dry Ironing, Burst of Steam, Vertical Steam

## Logistics
