Product Overview

Efficient Grinding Performance

This electric coffee bean grinder is designed for efficient and consistent grinding, featuring a durable stainless steel inner tank and blade mechanism. Its compact, modern design makes it an ideal addition to any kitchen countertop, while the transparent dome lid allows for easy monitoring of the grinding process. Equipped with a one-touch operation and a safety lock system, it ensures both ease of use and operational safety.

Technical Specifications

Max Capacity	36 g
Construction Materials	Stainless Steel Inner Tank, Stainless Steel Blade

Safety and Operation

Safety Features

- Safety Lock Mechanism
- Pilot Lamp Indicator
- Non-slip base
- Lid-secured operation

Operation Type	One-touch / Pulse operation
