

Electric Decorative Fireplace Heater

This electric fireplace provides two heating power options: 1000W and 2000W. It features a realistic flame effect and overheat protection for safety.

Product Overview

Elegant Heating Solution

This Electric Decorative Fireplace Heater combines European-style aesthetics with efficient heating performance. Designed to create a vivid, realistic flame impression, it serves as both a stylish focal point and a functional heat source for your space. With adjustable settings and built-in safety features, it offers a convenient and cozy atmosphere for any interior.
