

Electric Demolition Hammer

This heavy-duty electric demolition hammer is designed for professional use in construction and demolition applications. It features a robust motor, ergonomic handle, and durable construction for reliable performance and extended tool life.

Product Overview

Professional Demolition Performance

This heavy-duty electric demolition hammer is engineered for demanding construction and demolition tasks. Designed for professional reliability, it features a robust motor and durable build quality to ensure extended tool life under rigorous conditions. Its ergonomic handle design provides operator comfort during sustained use, making it an essential tool for breaking concrete and removing tiles.

Technical Specifications

Design Features

- Robust heavy-duty motor
- Ergonomic handle design
- Durable construction for extended life

Primary Applications

Concrete Breaking, Tile Removal, Demolition, Construction
