

Electric Demolition Hammer

This is a heavy-duty electric demolition hammer designed for breaking concrete and masonry. It features a robust motor and durable construction for demanding demolition applications.

Product Overview

Professional Demolition Performance

This heavy-duty electric demolition hammer is engineered for demanding tasks, including breaking concrete, masonry, and asphalt. Built with a robust motor and a durable, ergonomic design, it offers high efficiency for large-scale construction, renovation, and demolition projects. Designed for reliability, it provides the power necessary to handle tough materials in professional work environments.

Technical Specifications

Target Industry

- Construction
- Renovation
- Demolition

Construction Features

Heavy-duty • Robust Motor • Ergonomic Handle

Model Number

ZDP-15

Suitable Materials

Concrete, Masonry, Asphalt
