

Electric Drip Coffee Maker with Keep Warm Function

This electric drip coffee maker features an anti-drip system and a keep-warm function. The coffee maker has a 1.2L capacity and a translucent water tank with level marks.

Product Overview

Efficient Brewing for Daily Use

This electric drip coffee maker is designed for reliable performance in daily environments. Featuring a 1.2L capacity, it brews enough coffee for multiple servings while maintaining temperature with its integrated keep-warm function. The anti-drip system and translucent water level indicator ensure a clean and convenient brewing experience.
