

# Electric Drip Coffee Maker with Timer

This electric drip coffee maker has a 1.8L capacity, yielding approximately 12-15 cups. It features a programmable timer, digital display, automatic shut-off, and a warming plate.

## Product Overview

### Professional Drip Coffee Experience

This programmable drip coffee maker is designed for efficiency and ease of use in any professional setting. With a generous 1.8L capacity, it brews up to 15 cups at once, making it ideal for office break rooms or busy hospitality environments. The integrated digital timer and automatic shut-off features ensure safety and convenience, while the warming plate keeps your coffee at the perfect temperature.
