

# Electric Dry Iron

This electric dry iron efficiently removes wrinkles from clothing. It features adjustable temperature settings and a smooth soleplate.

## Overview

### Versatile Electric Dry Iron

The HD-198 is a high-performance electric iron designed for efficient garment care, offering both dry and spray functions. Equipped with a 1000W heating element, it ensures rapid heat-up times and consistent temperature control for various fabric types. Its ergonomic design and specialized soleplate options provide a smooth gliding experience, making it an essential tool for professional and domestic laundry needs.
