Overview

Versatile Electric Fabric Cutter

This portable electric cutter is designed for both household and industrial applications, offering flexible operation with both rechargeable battery and plug-in power options. It features a durable tungsten steel blade capable of cutting through a variety of materials including textiles, leather, and cardboard up to 10mm thick. Engineered for efficiency, the device provides low-noise operation, excellent heat dissipation, and an ergonomic design to reduce user fatigue during continuous work.

Technical Specifications

Charger Voltage	240 V
Output Power	35 W
Charging Time	2 hours
Blade Material	Tungsten steel
Machine Body Weight	0.376 kg

Performance

Cutting Capacity by Material

10 mm Cloth/Textile/Knitwear	7 mm Cardboard/Paper	5 mm Leather/Plastic/Carpet
--	--------------------------------	---------------------------------------

Operation Modes	Corded, Rechargeable Battery
