

Electric Garden Shredder

This electric garden shredder is designed for efficiently processing garden waste such as branches, twigs, and leaves. It features a powerful electric motor, a robust cutting mechanism, and a large hopper for easy feeding of materials.

Product Overview

Efficient Garden Waste Management

This electric garden shredder is engineered for high-performance processing of garden waste, including branches, twigs, and leaves. Designed for reliability and ease of use, it features a robust cutting mechanism powered by a high-torque electric motor. With mobility-focused design elements and essential safety protections, this tool is an ideal solution for maintaining tidy domestic garden spaces.

Technical Specifications

Power Source	Electric
Application	Domestic garden maintenance

Features & Safety

Design Highlights

- Large capacity hopper for easy feeding
- Integrated wheels for mobility
- Ergonomic handle for transport
- Robust cutting mechanism

Safety Systems	Overload Protection, Safety Interlock
