

Electric Glass Jar Blender with Multi-Speed Control

This electric blender features a durable glass jar with measurement markings and a multi-speed control knob with a pulse function. Its sturdy base combines black and silver finishes for stability and a modern look, making it ideal for smoothies, soups, and other blending tasks.

Product Overview

Professional Blending Performance

This electric glass jar blender is designed for versatility and durability in commercial or high-frequency home settings. Featuring a robust glass jar with integrated measurement markings, it allows for precise ingredient handling and consistent results. The multi-speed control knob, complete with a pulse function, provides operators with full control over blending textures, making it an ideal solution for preparing smoothies, soups, and various culinary mixtures.
