

Electric Hand Mixer with Detachable Beaters

This electric hand mixer is equipped with multiple speed settings. It features detachable beaters and a comfortable handle for ease of use in various kitchen tasks.

Product Overview

Professional Electric Hand Mixer

This high-performance electric hand mixer is designed to streamline kitchen tasks with ease and efficiency. Featuring multiple speed settings, it allows for precise control when whipping cream, mixing batter, or kneading dough. Its ergonomic design ensures user comfort, while the detachable beater mechanism simplifies the cleaning process for demanding professional environments.

Technical Details

Model Number	SH201
