

Electric High-Pressure Washer

This high-pressure washer is designed for both industrial and professional applications. It operates on 220-240V at 50Hz and provides a maximum water flow rate of 6L/min and a maximum pressure of 90 bar.

Product Overview

Professional Performance

This electric high-pressure washer is engineered for efficient cleaning performance in professional settings. It features an automatic stop and pressure relief system that engages when the gun is closed, enhancing both safety and longevity. With a lightweight design and IPX5 waterproofing, it offers a versatile and durable solution for demanding cleaning tasks.

Technical Specifications

Input Power	1200 W
Maximum Pressure	90 bar
Maximum Water Flow	6 L/min
Voltage/Frequency	220-240V / 50Hz

Safety & Design

Waterproof Rating
IPX5

Safety Features

- Double insulation
- Waterproof switch
- Automatic stop system
- Automatic pressure relief

Design Benefits

Lightweight, Easy to carry, Adjustable water types
