

Electric Kettle with Automatic Shut-Off

This electric kettle is designed for rapid water boiling. It features automatic shut-off and a 360-degree swivel base for convenient use.

Product Overview

Efficient Rapid Boiling

The Electrical Kettle C10 is a sleek and efficient appliance designed for rapid water boiling in household settings. Featuring a durable stainless steel body paired with a modern black plastic handle and base, it offers both longevity and aesthetic appeal. The inclusion of a concealed heating element and an automatic shut-off function ensures safe, worry-free operation once water reaches the boiling point.
