

Electric Lifting Hoist

This electric hoist is designed for lifting and moving heavy objects. It is ideal for workshops, garages, and construction sites, offering a safe and efficient way to handle loads.

- ◆ Emergency Stop Switch
- ◆ Position Limit Switch
- ◆ Anti-heat Device
- ◆ Protection Class IP54

Model	Rated Voltage	Rated Power	Rated Weight (kg)	Lifting Speed (m/min)	Lifting H (m)	Qty/CTN (pcs)	N.Wt (kg)	Packing Size (mm)	Qty/CTN (pcs)

Overview

Professional Electric Lifting Hoist

This electric lifting hoist is engineered for efficient and safe material handling in workshops, garages, and construction environments. Featuring a robust motor and durable construction, it provides reliable performance for a variety of heavy-duty tasks. The unit is equipped with essential safety features including an emergency stop switch, position limit switch, and an anti-heat device to ensure secure operation during every lift.
