

Electric Metal Shearing Machine

This electric shearing machine is designed for precise and efficient metal cutting. It features a robust construction with a control panel and safety stop switch for enhanced user safety.

Overview

Precision Metal Shearing Performance

This industrial electric shearing machine is engineered for precision and efficiency in metalworking applications. It features a robust construction designed for stability, including an automatic rubber-coated sheet hold and cutting line lighting for enhanced accuracy. With a 3 kW motor and user-friendly controls like a mobile 24V foot switch, it provides a reliable solution for heavy-duty cutting tasks.

Technical Specifications

Max Shearing Thickness	3 mm
Max Shearing Width	1250 mm
Motor Power	3 kW
Shearing Angle	2 degrees
Strokes per Minute	30 spm
Back Gauge Range	630 mm

Logistics

Net Weight	980 kg
Gross Weight	1140 kg
Packing Dimensions	184 x 103 x 135 cm

Features

Standard Features

- Manual back gauge with mm-counter
- Cutting line lighting
- Mobile 24V foot switch
- Bench angle-stop
- Automatic rubber-coated sheet hold

Included Accessories

Shearing blade, 24V mobile foot pedal switch, Back gauge

Compliance

Certifications

CE • TUV • SUD • CQM
