Overview

High-Performance Urban Mobility

The E-Monster Sport is a versatile electric motorcycle engineered for seamless urban commuting and recreational riding. Built with a high-strength steel frame and advanced suspension, it delivers a stable and comfortable experience for the daily rider. Featuring powerful electric motor options and regenerative braking, this eco-friendly motorcycle combines modern aesthetic appeal with reliable performance and efficient transportation.

Key Performance Metrics

Performance Overview

87 km/h
Max Speed

95 km
Max Range

30 degrees
Climbability

150 kg
Max Load

Technical Specifications

Motor System

Component	Description
Motor Type	DC Brushless Center Motor
Rated Power	2000W
Rated Torque	40 N.m

Battery and Charging

- Battery Type: Li-ion
- Voltage: 72V
- Capacity: 40.6 Ah
- Charging Time: 8-10 Hours
- Charger Output: 84V/5A

Design and Handling

Chassis and Design	High-strength steel frame, Front telescopic forks, Rear mono-shock, Hydraulic disc brakes, Aerodynamic profile
Tire Configuration	Front: 120/70-12, Rear: 130/70-12
