

# Electric Pallet Truck 1500kg Capacity

This electric pallet truck is a robust and efficient material handling solution designed for various industrial and agricultural settings. It offers a 1500kg lifting capacity for the safe and reliable transport of heavy loads.

## ADDITIONAL IMAGES

## Overview

### High-Efficiency Electric Pallet Truck

This electric pallet truck is a robust material handling solution designed for efficient lifting, carrying, and maneuvering of heavy loads in industrial and agricultural settings. With a 1500kg capacity, it ensures safe transport while maintaining an ergonomic design to reduce operator fatigue. Its compact chassis and intuitive controls allow for precise operation in tight spaces, making it a reliable choice for warehouse productivity.

## Performance Metrics

### Rated Load Capacity

**1500 kg**  
Rated Load

### Lifting Specifications

- 85
- 200

## Dimensions

### Dimensions Table

| Parameter         | Value | Unit |
|-------------------|-------|------|
| Overall Length    | 1624  | mm   |
| Overall Width     | 690   | mm   |
| Overall Height    | 1225  | mm   |
| Tread Length      | 1270  | mm   |
| Front Wheel Track | 530   | mm   |

Fork Size (L x W x H) 1150 x 160 x 50 mm

## Technical Details

### Power System

- Pumping Station: 24V/0.8Kw
- Drive Motor: 24V/0.6Kw
- Battery: 2x12V/65Ah

### Weight Specifications

- 212
- 228

### Wheel Specifications

Front Wheel:  $\text{Æ}200\text{mm}$ , Drive Wheel:  $\text{Æ}210\text{mm}$

### Turning Radius

1440 mm

### Load Center

500 mm
