

Electric Power Drill Press

This power tool features an IP2X protection rating and operates at 230V~/50Hz. The spindle diameter is 38mm/46mm.

Overview

Professional Electric Power Drill Press

This high-performance electric drill press is engineered for precision and reliability in professional workshop environments. Featuring a robust design with an IP2X protection rating, it ensures consistent operation and safety. With a compact footprint and efficient power management, it is an ideal solution for drilling tasks requiring stability and accuracy.
