

Electric Power Drill with 10mm Steel Capacity

This electric power drill is suitable for drilling into steel and wood. It has a drill capacity of 10mm for steel and 25mm for wood.

Product Overview

High-Performance Electric Drill

The Model 6105 electric drill is a versatile and robust power tool engineered for precision drilling tasks. With a 400W motor and a high no-load speed of 4500r/min, it delivers efficient performance across various materials. Its compact design and dual-voltage compatibility make it a reliable choice for professional workshops and light industrial applications.

Technical Specifications

Rated Input Power	400 W
No-Load Speed	4500 r/min
Rated Voltage	110/220V~
Rated Frequency	60/50Hz

Drilling Capacity

Drilling Capacity

10 mm

Steel

25 mm

Wood

Compliance & Identification

Certifications	CCC
Model Number	6105
