

Electric Powered Tricycle with Storage

This tricycle is electrically powered and features a vibrant red and yellow color scheme. It is equipped with a rear storage compartment, rearview mirrors, and front headlights.

Product Overview

Designed for Reliability and Utility

This electric-powered tricycle provides a stable and efficient solution for short-distance transport and cargo needs. Featuring a step-through frame for effortless accessibility, it is optimized for comfort and daily use. The integrated rear storage compartment makes it an ideal choice for logistical tasks or personal goods transportation in urban and commercial environments.
