

Electric Rice Cooker with Glass Lid

This electric rice cooker has a stainless steel exterior and a transparent glass lid. It features cook and warm indicator lights, ensuring precise cooking and holding temperatures.

Product Overview

Efficient & Reliable Cooking

This electric rice cooker is designed for professional and domestic kitchens, featuring a durable stainless steel exterior and a non-stick inner pot for effortless cleaning. The transparent glass lid allows for easy monitoring of the cooking process without heat loss, while the integrated handles ensure safe and convenient portability. With dedicated cook and warm indicator lights, this appliance provides precise temperature control and keeps rice at the perfect serving temperature.
