

Electric Rice Cooker with Non-Stick Pot

This electric rice cooker is designed for household use and comes in 0.6L, 0.8L, and 1.0L capacities. It simplifies rice cooking with automatic 'cook' and 'warm' functions.

Product Overview

Versatile Kitchen Essential

This electric rice cooker is designed to simplify daily meal preparation for small to medium-sized households. Featuring an intuitive automatic system with dedicated 'cook' and 'warm' functions, it ensures perfectly cooked rice every time. The durable construction and non-stick inner pot make it a reliable and easy-to-maintain addition to any kitchen.
