

Electric Rice Cooker with Non-Stick Pot

This electric rice cooker is designed for efficient and convenient cooking. It features a non-stick inner pot for easy cleaning and a tempered glass lid to monitor the cooking process.

Product Overview

Efficiency Meets Simplicity

This electric rice cooker is designed for high efficiency and ease of use in daily cooking tasks. It features a durable non-stick inner pot that ensures effortless cleaning and consistent results. The tempered glass lid allows for real-time monitoring of the cooking process, while the intuitive control switch seamlessly transitions between automatic cooking and keep-warm modes.
