

Electric Sightseeing Car, 6-Passenger, 3kW Motor

This electric sightseeing car features dimensions of 3900mm x 1380mm x 1850mm (LxWxH) and a net weight of 850kg. Powered by a 3kW motor and a 48V/220Ah lead-acid battery, it has a maximum speed of 30km/h and a range of 80km per charge.

Overview

Efficient Transport for Tourism and Facilities

This 6-passenger electric sightseeing car is designed for efficient, eco-friendly transport in resorts, parks, and large facility campuses. Featuring a reliable 3kW motor and a 48V/220Ah lead-acid battery system, it offers a practical balance of power and range for daily operations. With a 30% climbing capability and a comfortable seating capacity, this vehicle ensures smooth navigation across varied terrain while maintaining a safe maximum speed.
