

Electric Steam Iron for Clothes

This electric steam iron is designed for ironing clothes and features a temperature control dial. It includes a water reservoir for steam generation and a non-stick soleplate for smooth gliding.

Product Overview

Professional Performance Steam Iron

This electric steam iron provides professional-grade wrinkle removal with a robust 1200W heating element and 13 precision-engineered steam holes for even distribution. Designed for efficiency and ease of use, it features a 130ml transparent water tank and adjustable thermostat control suitable for various fabric types. Its ergonomic construction and choice of stainless steel or non-stick soleplate make it an essential tool for high-quality garment maintenance.
