

Electric Steam Iron for Clothes

This is a household electric steam iron for removing wrinkles from clothing. It has a temperature control dial, steam settings, a water reservoir, and a non-stick soleplate.

Product Overview

Professional Steam Iron Performance

The SIT-1040 electric steam iron is engineered for efficient wrinkle removal and fabric care in both residential and professional settings. Featuring a durable non-stick stainless steel soleplate, it ensures smooth gliding and excellent heat distribution across various fabric types. With robust steam functionality and ergonomic controls, this iron provides the precision needed for high-quality garment maintenance.
