

Electric Steam Iron for Garment Care

This electric steam iron is designed for efficient and effective garment care. It features a non-stick soleplate for smooth gliding over various fabric types and incorporates a water reservoir for steam generation, allowing for both dry and steam ironing.

Product Overview

Professional Garment Care Solution

This electric steam iron is engineered for efficient and effective garment maintenance in professional or high-volume environments. Featuring a non-stick soleplate and adjustable steam output, it ensures smooth gliding and optimal wrinkle removal across a wide variety of fabric types. With integrated safety features like automatic shut-off and an ergonomic design for reduced fatigue, this iron provides both performance and user comfort.

Core Features

Safety Features

Automatic Shut-off • Overheat Protection

Ironing Modes	Dry Ironing, Steam Ironing
Soleplate Material	Non-stick

Design & Ergonomics

Cord Design	Swivel Cord
Handle	Ergonomic Grip

Technical Specifications

Controls

- Temperature Control Dial
- Adjustable Steam Output
