

# Electric Steam Iron for Garment Care

This electric steam iron is designed for efficient garment care. It features a non-stick soleplate, temperature control, and steam function for effective wrinkle removal.

## Overview

### Professional Garment Care Solution

This versatile electric steam iron is designed to deliver efficient wrinkle removal for both home and professional settings. It features a range of steam capabilities, including vertical steaming and variable steam control, ensuring optimal results on various fabric types. With an ergonomic design and a non-stick soleplate, it provides a smooth, comfortable ironing experience.

## Technical Specifications

### Voltage & Power Configuration

**220 V**

High Voltage Range

**1600 W**

Max Power

**110 V**

Low Voltage Range

### Ironing Modes

Dry, Spray, Steam, Vertical Steam

## Design & Build

### Soleplate Material

Non-stick • Stainless steel • Ceramic coating • Enamel

### Dimensions & Capacity

Feature	Value
Water Tank Capacity	150 ml
Soleplate Size	205 x 105 mm
Unit Size	26 x 10.5 x 14.5 cm

## Logistics

### Container Loading Capacity

- 20FCL: 6680 PCS
- 40FCL: 13400 PCS
- 40HQ: 15080 PCS
