

Electric Step-Through Bicycle with Pedal Assist

This electric step-through bicycle offers both comfort and convenience with electric assistance. The low step-through frame allows for easy mounting and dismounting, while the electric motor provides pedal assistance for tackling hills and longer distances.

Product Overview

Comfortable Urban Mobility

This electric step-through bicycle is designed for maximum comfort and convenience, featuring a low step-through frame that ensures easy mounting and dismounting for all riders. Equipped with a reliable electric motor, it provides seamless pedal assistance, making it an ideal solution for tackling steep hills and extending your travel range. With its upright riding position and ergonomic design, this e-bike is a perfect partner for efficient urban commuting and enjoyable recreational rides.
