

Electric Step-Through City Bicycle

This electric bicycle is designed for urban commuting and recreational riding. It features a step-through frame for easy mounting and dismounting.

Overview

Urban Commuting Solution

This electric city bicycle is engineered for efficient urban commuting and recreational riding. Designed with a step-through frame, it offers superior accessibility for easy mounting and dismounting in daily use. The integrated battery-powered motor provides reliable assisted propulsion, making it an ideal choice for navigating city streets and paths with minimal effort.
