

Electric Step-Through City Bicycle

This electric bicycle is designed for urban commuting and recreational riding. It features a step-through frame for easy mounting and dismounting, a rear rack, integrated lights, and fenders.

Overview

Urban Commuter Electric Bicycle

Designed for efficient urban commuting and recreational riding, this electric bicycle features an accessible step-through frame suitable for riders of all ages. The integrated electric motor provides pedal assistance, making it easier to navigate hills and cover longer distances without fatigue. Practical additions like a rear cargo rack, integrated lighting, and protective fenders ensure a comfortable and safe riding experience for daily use.
